SUMMARY

Full Stack Developer with a strong foundation in Ruby on Rails, JavaScript, PostgreSQL and a passion for technology and creativity. Transitioning from 10+ years in retail, management, and science. After completing the Le Wagon Bootcamp, I gained hands-on expertise with full stack development. Currently gaining hands-on freelance experience, developing scalable web solutions with authentication, admin dashboards, and role-based access. Enthusiastic about continuous learning, problem-solving, and delivering high-quality software solutions.
